ASD is chosen by CSC to be a sub contractor on the GSA Alliant contract

Walnut Creek, CA (May 20th, 2009) - ASD has been chosen by CSC to be one of the small business sub contractors on the GSA Alliant contract. The GSA Alliant contract (GWAC) is a 10 year (5 year base and one 5 year option) 15 billion multiple award Indefinite delivery/Indefinite Quantity (MA/IDIQ) contract that provides IT solutions through performance of a broad range of services to include integration of various technologies critical to the service acquired. Service may be acquired worldwide and covers areas such as Systems Integration, Software Development and communication infrastructures.

ASD has demonstrated experience and the ability to provide the following services:

- Infrastructure
- Application Services
- IT Management Service
- Ancillary Support

About ASD Global

ASD is a proven global leader in the field of knowledge-based engineering software and complex IT services. Our extensive experience in both the commercial and government sectors helps us to better understand our customers' business — whether it's nuclear power plants, warfighters, or the Department of Motor Vehicles. No matter what the industry, ASD brings practical, real-world solutions to improve the critical operations of our customers.

ASD's professional staff averages 20 years' industry experience, in both the technical and business arenas. Moreover, each one has extensive experience with not only implementing and integrating a wide range of solutions, but also with utilizing best practices gleaned from a host of other successful projects. As a result, every one of our customers—whether they are commercial or government—enjoys an immediate return on their investment.
